COMPLETE BIKE

Say Zydeco and you say gravel. And Zydeco keeps up with promises, always evolving while keeping true to its soul. In this faithful claim for novelty, the improved braking efficiency of thru-axle and the hydraulic braking system join the gravel specific Shimano GRX groupset, featuring increased reliability in terms of gear efficiency with its Shadow RD+ chain stabilization system and the most ergonomic leverage with curved shape and anti-slip coating for ideal control on all-terrain. New San Marco Era saddle with matching Zydeco colors.

COLOR: Chasing After Rainbows

BIKE PACKING READY Always a step further in gravel and bike packing universe. The increased wheel base allows an easy use of fenders reducing the risk of toe overlap and the 2 extra rivets on the top tube allows the best and secure assembly of node bags.

COLUMBUS FUTURA GRAVEL MONOCOQUE FORK Zydeco is provided with the new Columbus Futura Gravel monocoque fork 1" 1/4, with internal cable routing, flat mount disc up to 160mm, thru axle, tyre passage up to 40c and the possibility of assembling a mudguard: the perfect gravel machine that can quickly turn into an exploring companion.

GRAVEL KIT The frame of the new Zydeco allows internal cable passages for the rear disc brake and front/rear shifters resulting in a clean configuration under any aspects, visual and mechanical.
